NEW LABOUR COUNCIL.

TRADES-UNION SUGGESTION.
DIVIDED CONTROL MOOTED.

A split in the organization and union control of Labour in New South Wales is threatened. From time to time there have been proposals for the establishment of a new labour council for the State from union not affiliated to the present Labour Council, and the breakaway through disaffection that have occurred. None of the proposals have, however, materialized, although it is quite on the cards that one may some day become effective.

The trend in Labour towards two extremes is increasing, and there are always plenty of new leaders when interests become widely sundred.

The latest proposal circulated by one of the railway union officials, who has at various times been in conflict with the Labour Council, it is said to have emanated from the J. H. Catts, M.P., secretary of the Amalgamated Railway and Tramway Association, in receipt of a letter from a trade society asking for the advice upon the advisability of organizing the unions not affiliated with the Sydney Labour Council, in order to form a new labour council.

The writer said "this new council would truly represent united Labour, and its control would be divided between the Amalgamated Railway and Tramway Association, which the writer wrote to say in entirely absent in the present Labour Council, and the railway union officials, and a number of others who have applied for affiliation and been refused. We take the liberty of asking for your valuable advice, because we have watched with interest and pleasure the progress of this movement, and we think you are a person of sufficient authority to be able to give us a clear and definite answer."

Mr. Cavanagh, secretary of the New South Wales Labour Council, yesterday said he did not attach much importance to the suggestion. The council had not a few unions affiliated to it, and he thought it was not a matter that had never been affiliated to it, and he thought it was not a matter that had never been affiliated to it, and he thought it was not a matter that had never been affiliated to it.

THAT ONE WEAK SPOT!
RIGHT IN THE SMALL OF THE BACK.

What a lot of backache there is among women! And little wonder. A woman's work and care and worry are enough to break down a much stronger constitution than is given to most women—or men either, for the matter of that. The kidneys are invariably the first to feel the strain. And they let their needs be known, too, very promptly. Backache is the cry for help. The cry of the sick kidneys. Doan's Backache Kidney Pills—the special kidney medicine—give the suffering kidneys just the help needed; they drive out of the body all the liquid poisons, giving freedom of action and new life to the kidneys, and ridding the blood of the impurities which spoil your sleep at night, yet make you feel drowsy, heavy, and heartless all day. Thus, by bringing the kidneys back to health, the Genuine Doan's Backache Kidney Pills cure the cause of Dropsy, Urinary Troubles, Gravel, Rheumatism, Stone, Sciatica, Nervous Ills, and Depression. Read the following cases of Sydney people cured, to stay cured, by Doan's Backache Kidney Pills:—

Six Lasting Sydney Cures.

3 YEARS CURED.

Mrs. E. A. Bruce, Broughton-road, Artarmon, Sydney, says: "I suffered for a long time with severe pains in my back. They were so bad that I could scarcely move about. Rest was of no avail. I was really very ill, and was confined to bed for days at a time. I saw Doan's Backache Kidney Pills advertised as a cure for backache, and got a box. After a few doses I got relief, and then gradually I got better, until I was quite cured. There is no doubt about it being a cure, for it is two years since I stopped taking the pills, and I've not had the backache all that time."

4 YEARS CURED.

Mrs. John Lawson, Branganee-street, Leichhardt, Sydney, says: "I can strongly recommend Doan's Backache Kidney Pills for curing pains in the small of the back. A member of my family was suffering severely, and it was difficult to move about at all. I blame sitting too close at work for causing the trouble. The pills effected a permanent cure, for there is no sign of the ailment now."

Mrs. Lawson makes a second statement four years later, and says: "The above statement is true, every word, and I can say the important fact that my cure has lasted. Doan's Backache Kidney Pills deserve praise, and I will always recommend them."

5 YEARS CURED.

Mrs. Mullins, 43 Hunter-street, Sydney, says: "For three years I suffered with kidney derangement. The worst symptom was a constant backache, which got worse whenever I stood. I tried many remedies for this complaint, but got no relief at all. I blame sitting too close at work for causing the trouble. The pills effected a permanent cure, for there is no sign of the ailment now."

The pills effected a permanent cure, for there is no sign of the ailment now."

Mrs. Mullins, 43 Hunter-street, Sydney, says: "For three years I suffered with kidney derangement. The worst symptom was a constant backache, which got worse whenever I stood. I tried many remedies for this complaint, but got no relief at all. I blame sitting too close at work for causing the trouble. The pills effected a permanent cure, for there is no sign of the ailment now."

1 YEAR CURED.

Mrs. E. Chapman, 133 Dowling-street, Sydney, says: "My mother suffered with severe pains across the back and in her legs. For six months she was very bad, and some days would not be able to get up at all. She tried a lot of remedies, but they did her no good. We saw Doan's Backache Kidney Pills advertised, and thought we would get some and give them a trial. After taking the first half-box we knew they were good, for she felt a little better, and from that on the improvement was marked, and eight boxes completed the cure. She is now splendid, and can get about easily. It is twelve months since we have had a relapse, and when I had taken six boxes the aches and pains and giddiness had disappeared."

2 YEARS CURED.

Mrs. Hannah Davis, 97 Commonwealth-street, Sydney, says: "I used Doan's Backache Kidney Pills for aches and pains in the limbs. The pills had troubled me for years, defying all treatment. I found it very difficult to get up and down stairs, and fits of giddiness which often came over me made it more distressing. Some time since I was laid up. Soon after I started using Doan's Backache Kidney Pills, and when I had taken six boxes the aches and pains and giddiness had disappeared."

UNEMPLOYMENT INSURANCE

NATIONAL CONTRIBUTORY SCHEME

SIR LEWELLYN SMITH'S SCHEME

LONDON, Sept. 2.

Sir Lewellyn Smith read a paper yesterday before the Economic section of the British Association for the Advancement of Science at the conference.

The author suggested the feasibility of a national contributory scheme for operating universally within the limits of a large group of trades, as far as possible self-contained, and carefully selected as a favourable experiment.

Paid for the scheme, he suggested, should be derived from compulsory contributions from all engaged in those trades with a State subsidy guarantee.

The author of the paper further remarked that unemployment was due to personal causes. Except in the case of those who were advancing in years, unemployed should not be entitled to insurance.

There were the risks arising from laziness and misconduct, and should be ruled out. It is not that any guarantee for the employment of all, irrespective of personal effort or efficiency, would necessarily impair national efficiency, and lower the national standards. The benefits ought to be proportional to the contributions, and the maximum appreciably below ordinary wages.

"The action of the Federal Government, recalls the experience of the South Australian Government in its resumption of land."

"It is easy to be unwise. Experienced politicians make huge mistakes in the supposed interest of the small farmers."

CAR STILL GOING SPENDSIDE.

This is the report of Mr. F. H. George, Quintana, on his

"STAR CAR"

after she traveled:

"I have traversed 1100 miles now without a hitch." "This note is from Mr. Charles V. Wilson, of Triange, who writes: "I have used the 'STAR' for 1000 miles and I can say that it is the best car running well; carried eight people up to the top of Mt. Franklin on 'second gear.' This is what is left of the 'STAR' Star car, owned by J. M. Gledhill."

The present owners of "STAR" Cars—Mr. & J. Christie, of the Australasian Automobile Club, Sydney, New South Wales, Australia; Mr. C. L. Leachman, of the Sydney, Motor Car Proprietor, North—have received further orders with us for the same make during the past year.

Let us send you a list of users in your District.
